ABOUT ME

I am a passionate and motivated Bachelor of Science in Computer Science (BSCS) student with a strong interest in mobile apps, Artificial Intelligence, and web development. I enjoy building cross-platform applications with clean, efficient code and a focus on user experience. With a solid foundation in programming, problem-solving, and software development principles, I am eager to apply my skills in real-world projects and contribute to innovative tech solutions. I am a quick learner, a team player, and always excited to explore new technologies and frameworks.
